Development Concept Presentation – Inland Development Partners

BACKGROUND:

A development presentation for a multi-family market rate housing development is to be made this evening. The developer, Inland Development Partners, is planning to apply for grant opportunities to cover redevelopment costs.

Applications for the Metropolitan Council Livable Community Demonstration Grant are due in November.

The proposal to be presented at the REDA work session is for a 216 unit market rate multi-family development including 9200 sq. ft. area north of 36th Avenue with views of Crystal Lake.

RECOMMENDATION:

No action is required at this meeting.

The purpose of the meeting is to introduce the project and allow for informal discussion prior to the request for support of a Livable Community grant next month.
