

AGENDA

1. ROLL CALL: Fox, Ralston Aoki, Lee, Beahen, Smith, Nailon, Kirkeeng
2. **NEW BUSINESS**
 - A. HRC members are encouraged to attend the North Memorial Data Walk. The data walk will be held at the **Robbinsdale Specialty Center, 3435 West Broadway at 6:00 PM.**

North Memorial is having two "data walk" events to share the preliminary data that they collected for their Community Health Needs Assessments for their service areas, which include Robbinsdale area and Maple Grove area. The purpose of the data walk is to allow community members to see the data and help identify any gaps or additions. It involves enjoying a light meal with community, and then walking around a big room where the data will be displayed on large sheets, with an opportunity to comment using post it notes or other materials. This data provides a snapshot of the health disparities and issues that our community is experiencing (and should include various community groups, based on race, income, LGBTQIA+status, age, etc.)
3. **ADJOURNMENT**
